Concept Tulippa: curtain Tulippa in Trevira CS together with carpet Tulippa in 100% wool. Design Nygård Maria Bengtsson.

Concept – freedom to create a complete room ambience

Almedahls' Concept is a complete room concept – draperies, carpets and upholstery fabrics. The collections include distinct concepts, all of which harmonize in terms of colour and design. The collections are also coordinated so that you can select and combine various products to make up a complete and attractive whole. A total take on textiles for creating room settings and interesting interactions. As simple as it is elegant.

Concept Tulippa consists of curtain Tulippa in Trevira CS, and Tulippa carpet, hand tufted in 100 % wool. Find more information about Tulippa carpet in our carpet collection book.
